We'll show you ...

comes with four bookshelf speakers in a center channel

shopping for an av receiver

left and right main channels or speakers

set up the left and right surround speakers

placed the subwoofer off to the side

place the speakers in and around your room

putting our marantz av receiver inside our bdi cabinet

run speaker cable from your surround speakers all the way

unplug everything from the wall

plug them into the corresponding lugs

plugged into the left speaker terminal on the back

surround speakers to connect our subwoofer

referring to the level or volume control on the back of the subwoofer

put the volume in the 12 o'clock position

set your subwoofer to auto

leave it in the zero position

run that same hdmi cable into an hdmi input on your television

plug in all the power cords to all of your various devices

configure our speakers

set our loudspeaker to small

set it to small as for the surround speakers

set the subwoofer

measure roughly the distance to each loud speaker

measure the appropriate distance to each speaker

entered all of the distances for each of your loudspeakers

tune all of your loudspeakers
leave the crossover point at 80 hertz
set your base settings to lfe
using the audio return channel on the back of our marantz receiver
enter into the menus of your television
set the audio to a rc
